SUMMARY

Aspiring Software Developer with a strong foundation in programming and a passion for emerging technologies, seeking a challenging position to leverage my skills in software development and problem-solving. Eager to contribute to innovative projects, collaborate with diverse teams, and continuously learn to drive value for clients and enhance my professional growth.

EDUCATION

Gradutaion

Siddharth Institute of Engineering and Technology,Puttur

2021 - Pursuing

- Computer Science Engineering

8.3CGPA

Intermediate

Narayana Junior College,Kurnool

2019-21

- MPC

9.2CGPA

SSC

Vijayanikethan E.M High School,Panyam

2018-19

9.2CGPA

SKILLS

- Java(Basic)
- Python(Basic)
- HTML With CSS
- Problem Solving
- Team Work
- Leadership
- Basic SQL

PROJECTS

Predicting Financial Market Trends with Time Series Analysis

Jan 2025

- This project examines the application of machine learning techniques for time series forecasting in financial markets.
- Using historical data such as stock prices, trading volumes, and economic indicators, algorithms like Support Vector Machines (SVM) and Gradient Boosting Machines (GBM) are employed to predict future market trends

Desktop Assistance

AUG 2024

- Developed a project that converts text-to-speech speech-to-text.
- Used various libraries in python to develop the project.
- Works just like a Goggle assistant.

ADDITIONAL INFORMATION

- **Languages** : Hindi, English, Telugu
- **Certifications:** NPTEL Certified: The Joy of Computing Using Python, Certificate provided by CODEGENIUS on basics Of Introduction to Java **Date of Birth** : 23/04/2004
- **Intrests** : Cooking, Maintain Surroundings Clean , Listening Music, Exploring new places
